

# Arbor Day Farm® TREE ADVENTURE®

## Be Inspired By Nature!

### The Tree Adventure offers Educational Field trips for Pre-K through 12th Grade

Plan your next field trip at Arbor Day Farm where you will receive personal assistance at every step of your visit. Our staff will help you customize your tour to meet standards and make this a memorable experience for your students.

- **Renewable Energy** – observe the renewable biomass energy operation that heats and cools environmentally friendly Lied Lodge. Investigate other renewable energy resources in the Fuelwood Gallery.
- **Be a Tree Sleuth** - identify trees by their bark, shape, seeds, fruits and leaves. Guide provides instruction with Tree Identification Books (yours to keep) and how to use them at school or in your own backyard.
- **Web of Life** - become an element in the web of life and learn firsthand the interdependence of all living things.

#### Fall Field Trip Suggestion

Apple Harvest Tour: Experience the fall harvest of apples from our orchard to the cooler. This visit will include the taste of cider, the scents of fall and the bustle of harvest time. Include the Tree House Trail, Lied Greenhouse and the Woodland Pavilion for a complete Tree Adventure experience. This tour is available in the fall only.

#### Spring Field Trip Suggestion

Bees and Blossoms Tour: Learn about the fascinating world of the honeybee and engage all of your senses along the Tree House Trail. Experience the spring buds and blooms, learn about pollination and observe our beehive in the Nature Explore Classroom.
